***I. Comments regarding the Examiner's reopening of Prosecution After  
Appeal per MPEP 1207.04***

The Examiner apparently reopened prosecution of this application after the Appeal Faxed 7/25/2005. However, form paragraph 12.187 of section 1207.04 of the MPEP was not included in the office action. It is not clear to the applicant whether Examiner Sheikh approved the reopening of prosecution. Applicant will treat this office action as if form paragraph 12.187 had been included.

***II. Comments regarding Box 10 of the Office Action Summary***

Applicant points out that the instant office action had box 10 marked and with a date of 24 November 2003 --- but with no markings on box 10a or 10b. Applicant points out that the office action dated 12/31/2003 accepted the drawings of 24 November 2003; further that the missing drawings filed 29 March 2004 were accepted by the office action dated 6/17/2004.

***III. Request To Maintain Appeal***

In response to an Appeal Brief filed by Applicant on 7/25/05, the Office Action reopens prosecution. Applicant respectfully requests that the Applicant's Appeal be maintained under 37 C.F.R. 41.39(b)(2), and submits in response the Reply Brief set forth in the Appendix submitted herewith. Should this request be denied for any reason, Applicant responds to the Office Action and requests reconsideration of the rejections set

forth in the Office action dated 10/18/2005 under the provisions of 37 CFR §1.111(b) as set forth in sections IV, V, and VI below.

**IV. Claim Objections**

Claim 8 was objected to because of the informality due to the misspelling of the word "computer". If the Request to Maintain Appeal is denied, Applicant hereby authorizes an Examiner's amendment to claim 8 to correct the spelling error of the word "computer". Applicant asserts that this amendment, if made, is not directed to the patentability of the claim and will not affect the doctrine of equivalents as applied to this claim.
